DGTRA IN ASSOCIATION WITH **BENTLEY** DIGITAL ADVANCEMENT ACADEMIES
Presents

INDIA BIM ROUNDTABLE

JUNE 19, 2019 | 3:00 PM IST | PUNE

BIM is neither a software nor it is only a Document or Project Management tool. It's an approach of working in a collaborative environment for management of entire lifecycle of any Infrastructure, underpinned by Digital Technologies.

This roundtable focuses on presenting, Talking & Discussing the grass root level issues we face in India when it comes to BIM Understanding, Mindset Change, Implementation and adoption on Infrastructure Assets.

ROUNDTABLE TOPICS

- BIM – The Right Perspective
- BIM – A Global Phenomenon
- BIM in India – Where are we?
- Indian Projects – Opportunities & Challenges
- Government BIM Mandates in India
- Regulatory Changes in India and BIM
- BIM Skills – Gaps in Demand & Supply
- Institutional Initiatives on BIM
